*Monofilare

Questo tappeto è bi-direzionale e può compiere curve a destra e a sinistra. È inoltre possibile creare curve a S laddove il carico lo permetta. Il tappeto è disponibile con varie clip e sistemi di guida.

Clip senza TAB "C" Version

Solo una clip per il fissaggio del perno.

Clip con pattino di scorrimento Versione "S"

Alla clip di fissaggio del perno è attaccato un pattino di scorrimento che può ridurre l'attrito e fungere da pezzo di usura.

APPLICATION CONSIDERATIONS

The proper selection and application of products and components, including the related area of product safety, is the responsibility of the customer. Operating and performance requirements and potential associated issues will vary appreciably depending upon the use and application of such products and components. The scope of the technical and application information included in this publication is necessarily limited. Unusual operating environments and conditions, lubrication requirements, loading supports, and other factors can materially affect the application and operating results of the products and components and the customer should carefully review its requirements. Any technical advice or review furnished by Regal Beloit America, Inc. and/or its affiliates ("Regal") with respect to the use of products and components is given in good faith and without charge, and Regal assumes no obligation or liability for the advice given, or results obtained, all such advice and review being given and accepted at customer's risk.

For a copy of our Standard Terms and Conditions of Sale, please visit <https://www.regalbeloit.com/Terms-and-Conditions-of-Sale>. These terms and conditions of sale, disclaimers and limitations of liability apply to any person who may buy, acquire or use a Regal product referred to herein, including any person who buys from a licensed distributor of these branded products.
